

EDEN ROC

CAP CANA

At Eden Roc Cap Cana, we like to care for our furry friends as much as you care for them at home.

Eden Roc Cap Cana offers a selection of unique amenities to ensure man and woman's best friends enjoy a memorable stay at the most luxurious hotel in the Dominican Republic.

Our four-legged guests receive a sumptuous bed, delicious welcome treats, and cute amenities, as well as a specially curated experiences guide with recommendations of walking paths, playgrounds, and Pet services. Through our partnership with Hospetality, the area's most advanced pet care center, located within Cap Cana and only a few minutes away from the property, we can plan from grooming appointments to a pet day spa and pet play dates.

Want to try the ultimate pampering experience for you and your pooch? Try our Pampered Pets Program treats and our VIPaws Menu designed by our chef.

Cats receive a comfortable bed, litter box, fun toys, welcome treats, and drink/food bowls.

To keep pets and guests happy, the following guidelines have been put in place:

- Pets are welcome in all food and beverage outlets.
- Pets should always be kept on a leash.
- Parents should pick up any "deposits" left by their pets.
- Pets are not allowed in the spa and fitness facilities.
- Please make every effort to keep your pets from barking indoors.
- A supplement fee of one nightly rate will be charged in case of damages.

Travel Requirements for traveling to the Dominican Republic with your pet

Animals must be accompanied by a health certificate issued and signed by a veterinarian. This certificate must be countersigned and stamped by an official veterinarian at the port of shipment.

The certificate must contain the name and address of the companion in the Dominican Republic and the complete identification of the animal (name, breed, sex, color, date of birth, microchip and/or tattoo).

Puppies must have received the Rabies vaccine at least 120 days after birth (4 months to 12 weeks) and wait 30 days after the application to travel.

Puppies must have received the Rabies vaccine at least 120 days after birth (4 months to 12 weeks) and wait 30 days after the application to Travel.

Requisitos para viajar a República Dominicana con su mascota

Los animales deben estar acompañados de un certificado de salud expedido y firmado por un médico veterinario. Dicho certificado deberá estar contrafirmado y sellado por un veterinario oficial, en el puerto de embarque.

El certificado debe contener el nombre y dirección del acompañante en República Dominicana y la identificación completa del animal (nombre, raza, sexo, color, fecha de nacimiento, microchip y/o tatuaje).

Los cachorros deberán haber recibido la vacuna contra la Rabia al menos a los 120 días de nacimiento (4 meses a 12 semanas) y esperar 30 días después de la aplicación para viajar.

Los perros adultos con historial de vacuna y refuerzos de rabia no necesitan esperar los 30 días después de la aplicación antirrábica.
